Clinton Fire Department

ORGANIZATIONAL STATEMENT

The following Organizational Statement, has been written especially for the Clinton Fire Department of the Village of Clinton, Township of Clinton, County of Lenawee, and the State of Michigan. This Organizational Statement has been designed to promote the safety and welfare of department members, residents, and any person who may require the services of the department in the event of an emergency within the confines of the boundaries set forth for this department. This Organizational Statement shall also be in effect on all incidents while providing mutual aid within the scope of the mutual aid contracts in effect in Lenawee and Washtenaw Counties.

PURPOSE

Article One

The purpose of the Clinton Fire Department shall be to protect lives and property from injurious effect from fire, hazardous materials, medical emergencies, and acts of nature, for residents of the Village of Clinton, Township of Clinton, and all incidents while providing mutual aid within the scope of the mutual aid agreements in effect in Lenawee and Washtenaw Counties.

SERVICES THE FIRE DEPARTMENT IS AUTHORIZED TO PERFORM:

The Clinton Fire Department shall be trained and equipped to perform the duties of the following with the authorization of the Clinton Village Council and the Clinton Township Board.

Structural Fire Fighting - The activities of rescue, fire suppression, and property conservation involving buildings, enclosed structures, vehicles, vessels, aircraft, or like properties that are involved in a fire or emergency situation.

Wildland Fire Fighting - Open wildland, grass fires, field fires, or like properties.

Emergency Medical Care - The provision of treatment to patients, including first aid, cardiopulmonary resuscitation, basic life support, advanced life support, and other medical procedures that occur prior to arrival at a hospital or other health care facility.

Hazardous Materials Response - First responders at the operational level at the site for the purpose of protecting nearby persons, property, or the environment from the effects of the release. The department shall comply with 29 CFR 1910.120 (OSHA).
